### Butyl Acetates' REACH Consortium Launched

**Brussels, 5 February 2009** - A new REACH consortium has been launched upon the initiative of the European producers of butyl acetates as organized in the Oxygenated Solvents Producers Association (OSPA), a sector group of CEFIC (European Council of the Chemical Industry).

In this consortium 4 companies have combined their efforts to prepare a consistent registration dossier for n- and iso-butylacetate - CAS no 123-86-4 and 110-19-0 respectively - before 1 December 2010.

The consortium invites all interested parties – other EU manufacturers, non-EU manufacturers, importers, downstream users or other data holders – to join the consortium and play an active role in its REACH works.  
For more details please contact [info@reachcentrum.eu](mailto:info@reachcentrum.eu).

If you are interested in the work of the Oxygenated Solvents Producers Association please contact the OSPA secretariat at CEFIC ([dar@cefic.be](mailto:dar@cefic.be)) or visit the homepage of the European Solvents Industry Group (ESIG) [www.esig.org](http://www.esig.org).
